RE: Contaminated Sites Laboratory Approval **17-013**

Dear Ms. Maier,

Thank you for submitting an application to the Alaska Department of Environmental Conservation's Contaminated Sites Laboratory Approval Program (CSLAP), on September 15, 2017. Based on your lab's Department of Defense Environmental Laboratory Accreditation Program (DoD-ELAP) approval through the American Association for Laboratory Accreditation (A2LA), Vista Analytical Laboratory, Inc., located at the above address, is granted **Approved** status to perform the analyses listed in the attached *Scope of Approval*, for Alaska contaminated sites projects, including underground storage tanks and leaking underground storage tank sites (UST/LUST), under the July 1, 2017 amendments to 18 AAC 78. This approval expires on **September 30, 2019**.

Be aware that **any** changes in your DoD-ELAP approval status must be reported to the CS program within 3 business days. Failure to do so will result in revocation of **all** CSLAP approvals for a period of one year. Notification should be in writing sent to cs.lab.cert@alaska.gov. We recommend also contacting the CSLAP by telephone to verify that the message was received.

To report any changes in your lab's contact information (i.e. lab director, business name, location, etc.), please complete the form found at <http://dec.alaska.gov/spar/csp/LabApproval/ApplyForApproval.htm> and submit to cs.submittals@alaska.gov.

To apply for renewal of your approval, please complete the application found at <http://dec.alaska.gov/spar/csp/LabApproval/ApplyForApproval.htm> and submit to cs.submittals@alaska.gov. The required documentation must be submitted for renewal no later than 30 days before your date of expiration.

Please remember to include the laboratory's ID number, listed above, on all correspondence concerning the laboratory.

If you have any questions, please contact the CSLAP at (907) 465-5390, or by email at cs.lab.cert@alaska.gov. Labs are also highly encouraged to join the CSLAP listserv by going to <http://list.state.ak.us/mailman/listinfo/cs.lab.approval>.

Respectfully,

A handwritten signature in blue ink that reads "Brian Englund". The signature is written in a cursive style.

Brian Englund
Alaska CS Lab Approval Officer

Attachment: Scope of Approval

Scope of Approval – X indicates approved methods

Hazardous Substance	CAS Number	Analysis Method	Sample Matrix			Accrediting Body
			Soil	Water	Air	
Perfluorooctane Sulphonic Acid (PFOS)	1763-23-1	537	X	X	---	A2LA
Perfluorooctanoic acid (PFOA)	335-67-1	537	X	X	---	A2LA

RE: Amendment to Contaminated Sites Laboratory Approval **17-013**

On September 22, 2017, Vista Analytical Laboratory, Inc. received an approval letter from the Alaska Department of Environmental Conservation's Contaminated Sites Laboratory Approval Program (CS-LAP). On March 26, 2019, you requested an amendment to your approval. This letter adds the following compounds to your existing approval:

- Perfluorononanoic acid (PFNA) in soil and water by Method 537 Mod.
- Perfluorohexanesulfonic acid (PFHxS) in soil and water by Method 537 Mod.
- Perfluoroheptanoic acid (PFHpA) in soil and water by Method 537 Mod.
- Perfluorobutanesulfonic acid (PFBS) in soil and water by Method 537 Mod.

Please note that for the compounds added to your approval, the effective date is March 27, 2019. These compounds are **not** retroactively added to cover the period between September 22, 2017, and March 27, 2019.

Please attach this letter to your original approval letter and Scope of Approval issued September 22, 2017. The two combined letters and the Scope of Approval are the documentation of your approval through the CS-LAP.

If you have any questions, please contact me at (907) 269-7526, or by email at brian.englund@alaska.gov.

Respectfully,

A handwritten signature in blue ink that reads "Brian Englund".

Brian Englund
CS Lab Approval Officer
