Dear Ms. Harrelson

The Drinking Water Bureau of the New Mexico Environment Department (NMED-DWB) has received and reviewed your Nelap certification /accreditation information from the state of California, The documentation is acceptable and your New Mexico certification is now valid through January 31, 2008.

This certification is to perform drinking water analysis in compliance with the Federal Safe Drinking Water Act, pursuant 40CFR Part 141, and the New Mexico Environment Department Drinking Water Regulations for the Primary Regulated contaminants, including Contaminants in as listed in your California Scope Accreditation. Semi volatile Organic Chemistry.

You must advise NMED-DWB of any change in your accreditation by the State of California and continue to provide this office with performance evaluation results. You are also required to provide evidence of renewal of accreditation by the state of California to continue certification past January 31, 2008.

Laboratories certified by the New Mexico can be purged from the list if there is no evidence that they are performing drinking water compliance samples analysis for public water supply systems in New Mexico.

IF you have any questions or require additional information, please contact me at 505-476-8635.

Sincerely,

  
Joe Chavez
